# About

ZAMBEZI GRACE is a luxury accessories group. In the creation of our Nile crocodile brands, we combine classic master leather and innovative design to create luxurious pieces for contemporary needs. Our stylish brands are made from material that is lightweight yet durable, and the natural distinctions of the hide showcase the unique character of each carefully crafted piece. Our integrated supply chain and responsible stewardship promotes consistently high standards of environmental, agricultural and manufacturing sustainability.

As caretakers of the environment, we oversee every step of the farming, tanning and manufacturing process to ensure high standards of stockmanship, environmental integrity, and safe hygienic conditions.

# SUSTAINABILITY

# Environmental Stewardship

Our dedication to protect and conserve nature is a core value of Zambezi Grace culture. We aspire to pass on a world as beautiful and abundant as the one we inherited. Thus, we seek innovative solutions to properly utilize and develop our resources. We promote sustainable practices that minimize our environmental impact and insist on high standards of animal health and welfare. We are committed to positively develop our business in a way that is in harmony with its environment.

# Responsible Management

As a leading crocodile leather provider to the largest luxury groups and brands in the world, we insist on the highest standards of excellence. Our vertical integration model gives us direct and diligent oversight over our entire process, from farming, to tanning and manufacturing. We advocate for a meaningful integration between our three objectives: Exceptional quality, Environmental and agricultural sustainability, and Support of the rural economy of Zimbabwe through job creation and skills development.

# Farming and Community

Fine craftsmanship begins with sourcing high-quality raw materials. Zambezi Grace are co-founders of the highly successful Nile Crocodile Conservation Program, which provides secure, fair-trade employment and skills training to more than 400 people from the local rural community, which is otherwise impoverished. As a business, we are committed to local hiring, fair wages and the training and development of our employees. Our farms on the Zambezi river have returned more than 10 000 crocodiles to their natural habitat and have witnessed the wild population quadruple since the 1970's. Today the species is alive and thriving. The upliftment of the local community is a welcome by-product of this conservation success story.

# Integrity and Expertise

We highly value integrity in the raw material and expertise in the crafting of our products. Our expertise is unmatched, since we work exclusively with crocodile leather. We insist on knowing the origin of all our leather from farm, to tannery, to hand-made accessory. All our leather complies with international CITES regulations to ensure the highest standards of animal health and welfare, the social wellbeing of all employees in the chain of production, and environmental protection. Our passion for detail, precision and excellence is shared by all ZAMBEZI GRACE brands. We respect the heritage of time honored, proven craftsmanship and are committed to preserving these arts through ongoing mentoring. At the same time, we are excited to introduce a new generation of innovative designs which suit the modern taste and lifestyle of our discerning customers.

# Craftsmanship

Our passion for detail, precision and excellence is shared across all the ZAMBEZI GRACE brands. We respect the heritage of time honored, proven tradition and the skills of our European master craftsmen. We are committed to preserving these arts through ongoing mentoring and the introduction of the next generation's craftsman throughout our supply chain.

# OUR BRANDS

# Neema

1/1

NEEMA is a new breed of pop-luxe accessories influenced by the American road case and the spirit it embodies. Creativity, modern craftsmanship and personalization sit at the heart of every piece. Constructed of natural crocodile leather and available in a variety of custom colors. Our unique, vertically integrated supply chain makes it possible for our team to be part of every step of the process, including sustainable farming, tanning and manufacturing.

neema

# Edition

ONE OF AN EDITION

EDITION is a line of simple accessories with an essence of luxury. Ultra-soft, natural crocodile leather is used to form every classic silhouette. We see value in limited editions and not mass production. Designed in New York City and handmade in South Africa, our unique, vertically integrated supply chain makes it possible for our team to be part of every step of the process, including sustainable farming, tanning and manufacturing.

EDITION

# Grace

**BY APPOINTMENT ONLY**

GRACE is inspired by adventure and exploration. Each luxurious piece is handmade using ultra-soft, natural crocodile leather and is available in a variety of custom colors. Our unique, vertically integrated supply chain makes it possible for our team to be part of every step of the process, including sustainable farming, tanning and manufacturing.
